

Raising a Thinking Child

Riverview Early Learning Center
4400 Michigan Avenue, Manitowoc, WI 54220

8 Mondays in a Row:

September 25- November 13, 2017

6 pm - 7:30 pm

Cost: \$25.00 for workbook and materials

Scholarships are available upon request

Childrens program and childcare available during
the sessions

If you are a parent of a 4-7 year-old and your child
has experienced any of the following:

- ♦ Temper tantrums
- ♦ Difficulty making or keeping friends
- ♦ Impatience or interrupting
- ♦ Not listening

Then the **Raising a Thinking Child** workshop may be just right for you! This evidence-based workshop series will help you guide your child to solve common, everyday problems by communicating with your child.

Participants will learn:

- ♦ To give their children skills to solve their own problems and think about the consequences through fun games
- ♦ How to help kids care about and understand their own and others' feelings

This program is facilitated by Kya Diehl, Manitowoc UW-Extension Family Living Educator. It is a refreshingly practical curriculum that helps you help your child learn how to think, not what to think. Through 8 weekly classes, along with interactive, fun activities for you and your child to do at home, you will learn ways to help your child think in new problem-solving ways.

An EEO Affirmative Action employer, the University of Wisconsin - Extension provides equal opportunities in employment and programming including Title IX and ADA requirements. If you require reasonable accommodations to participate in this programming, please call Kya Diehl at 920-683-4171 as soon as possible.

Raising a Thinking Child Workshop Registration
